Sponsorship Opportunities

Support Local Conservation Efforts!

Back by popular demand, the Essex Region Conservation Bike Tour in support of local conservation! This event will be conducted in a safe environment, beginning and ending at Mettawas Park in Kingsville to support new cycling infrastructure. More than 300 cyclists are expected to participate. With new road routes developed with help from our friends at Share the Road, we anticipate renewed excitement from people who want to support conservation projects that are so valuable to our well-being!
